SIR,

I have the honor to state that the School Board, Kolar have in their resolution No. 19 dated 29th March 1932 resolved that the vacancies of school masters under their disposal would be filled up without the best qualified candidates belonging to the Kolar District and not of other Districts and the Local Education Authority have in their resolution No. 9 dated 21st June 1932 approved the suggestion of the School Board in the matter. The principle is formally contrary to the rules recruitment in the State, since the best qualified candidates referred in the resolution may not always be found in the District and as such ere is a possibility of men with less qualifications being recruited the resolution is brought into effect. As against this, it may be ged that the men of the locality are likely to prove more useful account of their local knowledge and local interests. Nor is it kely that a district cannot furnish for the posts in Primary Schools rsons thoroughly qualified for the work, though M.A's and B.A's may t apply in large numbers.

In the circumstances I am in favour of the proposal and solicit ders of Government. P.T.O.

I have the honor to be,

Sir

Your most obedient servant,

B.S. Guha Rao
